

**Dorset & Wiltshire Fire & Rescue**

are offering **FREE Safe and Well Visits** to make your home safe.

They will visit your home and talk to you about safety issues, covering areas such as cooking, smoking, electrical and personal safety. They can help identify if there are any risks within your home and what to do to reduce or prevent these risks.

If you need a smoke alarm fitted, they can fit a 10 year alarm completely free of charge in minutes.

Book your **FREE** visit at a time to suit you by calling

**FREEPHONE 0800 038 2323**

**Repeat Medication at Christmas**

Make sure you order your prescription in plenty of time, to ensure you don't run out over the Christmas period.

You can put your request in a week earlier at this time of year.

**Norovirus**, which causes diarrhoea and vomiting, is one of the most common stomach bugs in the UK. Its also called the "**winter vomiting bug**" because its more common in winter. the

There is no cure for norovirus so you have to let it run its course. To ease your symptoms drink plenty of fluids to avoid dehydration. Take paracetamol for any fever or aches and pains. Get plenty of rest. Eat plain foods such as soup, rice, pasta and bread.

Adults can take antidiarrhoeal and/or anti vomiting medication, although you should ask your pharmacist or GP for advice before trying these.

**Norovirus can be very unpleasant but it usually clears up by itself in a few days.** You can normally look after yourself or your child at home.

Try to avoid going to your GP as norovirus can spread to others very easily. Call **NHS 111** if you are concerned or need any advice.

**Retirement News**

The partners would like to announce that Kate Meacham will be retiring from her post as practice manager at the end of December.

Mrs Meacham took over from Mary Cleverton in 1999 and has since worked alongside the partners to develop high quality, responsive and caring services for patients. She has also taken an active role in the Weymouth and Portland Locality to promote collaborative working with other GP practices on many projects including integrated health and social care, support for carers and promoting early help in the community.

Mrs Meacham would like to thank patients, staff and the partners for their support over the years making her time at the practice a thoroughly enjoyable experience.

**Company at Christmas** is a project that provides company, a hot meal, conversation, entertainment and transport on

Christmas Day to elderly people who would otherwise be alone.

The venue is located at Dorset County Hospital Damers restaurant.

If you or anyone you know would like some company and join in the festivities on Christmas Day, please contact Marie Waterman at the Volunteer Centre. 01305 269214.

Previous events have included a raffle, music and even some dancing! Why not go along?

If you would like to volunteer for this or any other Christmas event, please contact the Volunteer Centre Dorset on 01305 269214.

**Telephone Consultations**

Did you know you can **book a telephone consultation** with your GP? This is a booked appointment with your GP who will phone you within an arranged time.

These are different to a 'phone call' request where your GP will try and call you at some point during the day or after surgery.

**Patient Participation Group**

**Next meeting**

**Saturday 9th December 2017**  
**10am - 12pm**

**Please inform the surgery if you are planning to attend.**  
**Thank you**
